

# 2023 Brochure

Version 1

# EJ Linney

British Design

Emma Linney is a highly experienced fashion designer, with over 25 years creating fashion accessories for many of the major high street retailers worldwide. Print design has been a hobby of Emma's for the past 20 years and during the pandemic found the time to produce her first commercial print collection.

With her keen interest in interior design and her background in graphics and textiles, Emma began to develop innovative Lino prints that were inspired by nature. The result is a mix of line and shape inspired by natural form, creating beautiful graphic images and timeless prints.

This first collection comprises 120 designs across all the major colour groups, allowing many designs to sit together in the same room, creating that EJ Linney look and feel.

All elements have been hand carved by Emma and then placed to create a truly original design. Using the latest digital printing technology, we print on 100% Cotton, Half Panama weave using Reactive Inks that offer the very best in Pantone matching and depth of colour and tone.

Printed and manufactured in England, we offer both fabric by the metre as well as a range of finished products for the home.

Cushion covers, Aprons for adults and children, Tea Towels, Oven Gloves, Aga covers, Place Mats, Napkins, Tote and Cosmetic bags.

"I hope you love my first collection as much as I loved creating it."

Emma xxx
